the heavens and earth are the army i am the general hong yu is the official and i am the king the heaven and earth the determinant of destiny a heaven s pride level expert of this era had to bear the blessing of the five gods changing his fate in a way that defied the will of the heavens in the blink of an eye the world had been turned upside down hot blood is eternal passion is in all directions fight with me to the sky fight

more than six centuries ago a stranger stumbled on a village in a remote valley in northern italy seeking refuge from vengeance in the world outside but there was something different about the valley something strange about its people nothing was as it seemed did chance take him there or were greater forces at work calling him to play a role guided by fate he would find himself at the center of an ancient mystery and for a time the heritage of civilizations would rest in his hands before he was done he would devise a gift like none before and vanish into history leaving behind the seeds of rebirth and hope for future generations sanctuary of the gods is vividly told

bringing history to life for its readers the main story takes place at the dawn of the renaissance when european civilization was beginning its painful rise back towards the heights it had achieved in the days of greece and rome there are also three detailed flashbacks to earlier periods a similar time more than 2 000 years before when greek civilization first began the high point of greek civilization in the age of alexander the great rome s decline in the years following the empire s conversion to christianity sanctuary of the gods is a story of survival against all odds of human triumph over death and annihilation it shows how a tiny village in northern italy became the last secret sanctuary of the old pagan religion surviving through nine hundred years in hiding only to perish in the black death that swept europe in 1348 and how in those dark and terrifying days a handful of survivors created the tarot cards so that the heart of their religion would not perish with the sanctuary but would survive in a hostile world its origins forgotten until the time was right for its rediscovery for readers who are intrigued by the story and want to get to the heart of it to discover the truth behind the things they ve read an appendix is provided there in 120 pages complemented by numerous illustrations what at first seems too incredible to be anything but fiction is transformed by the evidence into compelling fact sanctuary is beautifully written with a clarity that brings the past to life and holds the reader s interest from beginning to end for a pagan or tarot enthusiast or for lovers of historical fiction its appeal is apparent but the story is powerful and even readers who have never been interested in these subjects will find the book hard to put down it gains the readers s attention because the characters and scenes described are lively and interesting and because its vision is fresh and new entirely unexpected be prepared for some surprises the view from the sanctuary is not like anything you have ever seen before

this book brings light into the fog of the mind and heart makes sense of the obscurity in our present turmoil and in history and reveals truth that will give you hope and a deeper faith seeing they do not see is a warning for all of us are we being tested and guided by hands beyond our world for our good why now and why so much turmoil do the answers lie in the mysteries of the prophetic generation and wheels of time or in a mysterious fig tree and wilderness experience or do they point to a profound sign a crossroad that we need to grasp before it is too late

invites readers to embrace fresh perspectives on prayer the word solitude and creation and continue to sustain their spirituality through hospitality generosity service and obedience to christ

why god is an exploration of the concept of god and its relation to reality it searches for evidence as to the existence or non existence of god in a variety of disciplines the principles inherent in consciousness time motion space and quantum physics produce interesting clues in the search for god a critical look at rational thought as practiced by mankind provides evidence of our limited ability to objectively define the parameters of not only god but also the real world within which we exist the book reaches out to those either deeply religious or only mildly curious as to what god really means now and the possibility that there may be a measure of truth to this enduring sense of a cosmic deity it is a curious man s guide to exploring an old concept in a new way if god exists can he be contacted what does he look like and where can he be found what does satan say about the existence of god a chapter is included for satan s rebuttal to the argument that god may in fact exist
